Karen Cleary
Accounts Payable and Receivable

Karen's role here at The Talbot Group is to manage the payables and receivables functions. She also administers our Cash Back program. We maintain excellent relationships with our vendors, especially the moving companies, and because of these relationships, and our excellent on-time payment history, we are able to negotiate very favorable industry pricing. These are discounts we pass on to you.

Karen is an integral part of the team as our bookkeeper and financial watchdog. This excellent fiscal responsibility has garnered us an exceptional credit history, a strong position in weak economic times, and an industry reputation as being a great company to work with.

Avid outdoors people, Karen and her family invest time and interest in training dogs for the blind. We always sense when Karen is nearing the end of a many-months assignment and must say goodbye to a dog that always becomes a member of their family. She and her husband Joe also have two daughters, Katie and Stephanie, and a wedding in the works.

extraordinary. every day.
