Vin Carboni
National Accounts Director

Vin Carboni joined The Talbot Group in August, 2009 as National Accounts Director. He is certified as a Relocation Professional by the Employee Relocation Council. He is also a designated GRI and ABR. He brings over two decades of corporate and relocation experience to his new position.

As National Accounts Director, Vin is responsible for many aspects of account management. He will be contacting new companies and academic institutions, as well as responding to inquiries from new prospective clients. He will also assume responsibilities for a number of current accounts as we continue to grow. Vin also has the capability to support our Moving Services operations, especially during the busy moving season.

We truly value Vin for his strong communication and customer service skills, and as importantly, his enjoyment of his work and of people relationships. Vin is married, has two daughters, and loves to read, watch his girls swim, play softball, and practice martial arts.

extraordinary. every day.
